

Based in Toledo, Ohio since 2009, GEM Energy designs, develops, installs and maintains energy solutions to improve customer business performance and reduce facility operation costs. We have design/build capabilities and a host of other services to steer your energy project from construction all the way through commissioning.

GEM Energy is part of the Rudolph Libbe Group, a one-stop provider of construction and facility services that range from site selection and construction to energy solutions and ongoing facility management. The full-service contractor, comprised of Rudolph Libbe Inc., GEM Inc., GEM Energy, Lehman Daman and Rudolph Libbe Properties, is focused on ensuring its customers

Michigan areas. For additional information, visit [www.rudolphlibbe.com/gemenergy](#).
